Alexandria, VA 22314

Sir:

The Examiner is requested to consider the prior art listed on the attached PTO-1449, in the examination of this application. The listed references include documents cited in the International Search Report (ISR), Partial European Search Report (ESR); documents mentioned in the International Preliminary Examination; other documents cited in the applicants' disclosure and/or otherwise known to the applicants. Also listed are documents made of record in IDS filed on December 28, 2006 in applicants' related case Appln. No. 10/577,376.

Copies of the listed references are attached except for references which have been submitted in the related case Appln. No. 10/577,376. The return of an initialed copy of the PTO-1449 reflecting the Examiner's consideration of the listed references is requested.

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that the listed documents are material or constitute "prior art." If it should be determined that the listed documents do not constitute "prior art" under United States law, Applicants reserve the right to present to the Office the relevant facts and law regarding the appropriate status of such documents. Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should the documents be applied against the claims of the present application.

If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 50-0310.

Respectfully submitted,
